## School of Electrical Engineering National Workshop on “FACTS & Power Control”

June 18-19, 2010.

### Workshop Report

The School of Electrical Engineering, Vignan University organizes a two day workshop on “FACTS & Power Control” on June 18-19, 2010. Almost 30 faculty members from various engineering institutions attended this workshop.

The Chief Guest for this event is Dr. M. Rama Moorthy, Former Director, CPRI Member, Board of Directors, Jyothi Electricals and Guests of honours are Dr.G.S. Raju, Former Director, BHU, Varanasi and Dr. G.K. Rao, Sr. Prof. LBRCE, Mylavaram and other delegates of Vignan University Dr. K.V.N.Srinivasa Rao, Director, Directorate of Engineering and Technology, Dr. K. Vizaya Kumar, Director, R&D, Vignan Group, Dr. V. Govardhana Rao, Vice-Chancellor and Dr. G.R.K. Murthy, Head, School of Electrical Engineering attended the inaugural function of this workshop.

Dr. V. Govardhana Rao putforth various statistics of power generation consumption and level of Indian power generation compare with the other countries.

The Guest of honour Dr. G.K. Rao and Dr. K. Vizaya Kumar, Director R&D, Vignan Group wish all the participants to get the best knowledge through the interaction with the resource persons.

Finally Dr. M. Rama Moorthy told about the importance of FACTS Devices and Power Control which opens the way to many research topics and it is one area which actually becomes a combination between Power systems and communication. He also congratulated the department for choosing this topic which gives knowledge not available because of academic preparations and trainings.

On this occasion Dr. K.V.N.Srinivasa Rao thank the other colleges management for sending their faculty members to this workshop.
